

Proverbs 22:28; 23:10

Sunday 3/18/2018

Today, as I told you earlier this morning, we are going to look at two verses that, in my opinion, when it comes to the Bible and getting a good, solid understanding of the Word of God, are game changers in the way that we look at things. These are two great verses on the understanding and the laying out of history. It is an incredible two verses. It helps us understand the purpose of it all, the purpose of life, the purpose of Christianity, and the complete plan of God, how it unfolds itself.

Years and years ago, I came across a great verse that opened up a great concept, found in Isaiah 55:8-9. It is certainly no new verse to us, because it simply says that God's ways are not our ways, that His thoughts are not our thoughts. We are getting God's perspective and getting God's understanding. I personally think the greatest goal for the child of God, after we get saved, is to quit looking at things from our own standpoint, the way we look at life, and to start seeing everything from God's standpoint. I have told you that over and over and over again. In my heart, there is no truer goal that you and I should have.

These two verses that I am going to look at are absolutely vital to any of you who want to get all that God has for you and want to take your Christian life to the next level and really get established in some things, developing a depth in the Bible. The Bible talks about in human life, we have three dimensions. Everything in our world physically is a three-dimensional world. Yet, when you become a Christian, the Bible talks about in Ephesians 3:18 that there is a fourth dimension. That fourth dimension is a spiritual dimension. It is the depth that we have with God in His Word that allows us to see and understand in a much greater depth and a much greater way all that God is trying to do. It
